

### Consultant Post Matching Report as at December 2021

This data has been extracted from Doctors Integrated Management E-system (DIME) as at 20 December in relation to Consultant Application Advisory Committee (CAAC) approved posts.

DIME is dependent on Clinical sites inputting details on their consultant workforce and therefore there may be variances and gaps in the data supplied to that held within clinical sites.

As DIME is a live system it must be noted that there can be variances in the figures published dependant on the run date of the report and entries can be made with a retrospective date

Filled posts are consultant posts which are currently filled regardless of tenure, both permanent and temporary (includes locum and agency staff)

A vacant post is a consultant post that the hospital has verified on DIME as currently vacant

Unknown status: the site has not yet assigned a consultant to a post or marked a post as vacant therefore the status of this post is currently unknown in DIME. It should be noted that all newly created posts recently recommended for approval through CAAC default to unknown until the clinical site verifies if the post is filled or vacant.

Hospital Group/CHO	Principal Clinical Site	Filled	%	Vacant	%	Unknown	%	Total Nos	Total %
