The internship year for training in Ireland is being modernised with a new competency-based framework of Entrustable Professional Activities (EPAs), with a set of tools for workplace-based assessment.

Entrustable Professional Activities – EPAs

Click on QR Code to view video

Entrustable Professional Activities (EPAs) are units of professional practices or essential tasks that a trainee can be trusted to perform without direct supervision, once sufficient competence has been demonstrated.

EPAs

1. Clerk a patient

2. Request and interpret basic investigations

3. Perform essential procedural skills

4. Manage the work of in-patient care

5. Prescribe and manage drugs and fluids

6. Recognise and manage the deteriorating/acutely unwell patient

7. Handover and discharge patient
