Circular 020/18

High Tech Hub Ordering and Management System

Dear Pharmacist,

The High Tech Ordering and Management System (High Tech Hub) is live with all community pharmacies as of the 27th of March 2018. The list of drugs available for ordering through the Hub is contained in Appendix 1 attached. PLEASE NOTE: From the 1st July, 2018, the HSE will only reimburse orders for the products listed in Appendix 1 if they are placed via the High Tech Hub. Furthermore, as additional drugs are added to the list of products available via the hub then, these too, must be ordered using the Hub. Any High Tech drug available for ordering through the Hub but ordered via a separate mechanism will be treated as a private transaction and the pharmacy will be liable for payment. The list of drugs available through the hub will be available via your pharmacy suite and will be updated as required. You will be notified of further updates via the High Tech Hub messaging system.

It is very important that you set up your preferred supplier as soon as possible because this makes the ordering process much more efficient from the pharmacy perspective.

If your own system software uses an automatic reordering function you should ensure that it is switched off for all of the drugs listed in Appendix 1. Automatic reordering should not be used for any drugs available through the hub.

Please note that we are updating our User Guide and FAQ documents continuously and these are available under the help section on the High Tech Hub application. Please ensure you inform your staff and locums of this process.

The support team in the High Tech Co-Ordination Unit can be contacted by email, pcrs.hitech@hse.ie or by phone 01 864 7135. If you need to fax the unit you can do so on 01 8914899.

Your continued cooperation regarding the High Tech Hub is greatly appreciated.

Yours sincerely,

Anne Marie Hoey
Assistant National Director,
Primary Care Reimbursement & Eligibility.

APPENDIX 1

GMS Code	Description	INN
88530	Adcirca Tabs 20 mg	Tadalafil
88599	Adempas Film Coated Tabs 0.5 mg	Riociguat
