Dear Pharmacist,

The PCRS has developed a suite of reporting to contractors that is issued on a monthly basis. One of these reports, developed from a transparency perspective, details difference in items claimed by contractors using their software packages and amount paid by the HSE.

The cost of drugs and medicines reimbursed by the HSE are available from our website at www.hse.ie/eng/PCRS. It has come to our attention that the prices used by the software packages do not reflect the cost reimbursed. Until this matter is resolved the HSE will suspend the printing of this report. The electronic version of the report will continue to include details of difference in items.

Yours faithfully,

A handwritten signature in black ink, appearing to be 'Patrick Burke', written over a horizontal line.
