8th May 2008

Dear Pharmacist

At PCRS we are continuing to enhance our services in an effort to ensure that our key customers; Doctors, Dentists, Pharmacists, Optometrists and our Health Service Executive colleagues, have access to information faster and in a more environmentally friendly way.

With this in mind we will be replacing the paper based monthly updates to the list of GMS Reimbursable Items and the monthly updates to the High Tech Scheme list of Agreed Prescribable Medicinal Products, with electronic updates, which will be available on our website. The updates will be available from 1st June 2008 at www.pcrs.ie in the 'Online Services' section, titled "Updates to the List of Reimbursable Items and High Tech Scheme List". Sample updates are available online now for your perusal.

This initiative not only gives us all an opportunity to become more environmentally friendly but will ensure that the information is available to you faster and in a format that will also give you online access to historical updates for both scheme lists at the click of a button.

If you do not currently have access to the Internet please contact us at 01-8647100 Ext. 149 to discuss and make alternative arrangements to provide the updates to you.

Yours faithfully,

Patrick Burke
Assistant National Director
Finance Shared Services – PCRS
