Re: Pharmacy Reimbursement -Claim Submission for June claims

Dear Pharmacist,

Pharmacists should submit claims normally, commencing from COB Wednesday 30th June. Claim files must be submitted to PCRS, by COB Monday 5th July at the latest.

However, in light of the fact that many pharmacy files will contain two months of claims (May and June claims), early submission will help to reduce risks arising in this unusual situation. A relatively small number of pharmacist security certificates have expired and we are working quickly to get these replaced.

It would also be helpful to ensure that invoices for expensive items are readily to hand for queries that may arise in the processing of 777 claims.

Your assistance with these arrangements is much appreciated.

Yours faithfully,

Shaun Flanagan
