Making sense of rapid, emergent change - Covid-19

Delivering good change practices is critical right now to benefit from the rapid pace of change and innovation in response to Covid-19. Disruption is a positive force for change that needs personal and team agility to make sense of it. Covid-19 is part of our on-going reality. Working together to give effect to a just and resilient recovery is a shared responsibility.

Key to recovery and renewal is how we:

Deliver Public Value & Be Accountable

(pgs 33-36 Change Guide)

- Our focus is on delivering the best public health outcomes for the population in line with our public accountability role.
- Meeting local needs in line with national guidance is a hallmark of how we responded - identifying people's needs and the needs of vulnerable groups / communities.
- We will be measured on how well we responded to
- Reducing bureaucracy has increased our ability to deliver - central frameworks - local delivery.
