Re: HSE Employee Swap Facility

Dear Colleagues,

I write to advise you that the HSE Employee SWAP Facility, which facilitates two employees of the same grade to swap work locations, commenced on **11 May 2015**. The facility is available to all HSE employees who hold a permanent contract of employment, including a contract of indefinite duration, with the HSE and have successfully completed their probation period at entry grade.

In order to avail of this facility, an employee who wishes to move to a different HSE location must identify an employee in that location who is willing to move to their existing location. Both employees must then seek the agreement and approval of both line managers in order for the swap to proceed. Implementation will initially be on a pilot basis for 6 months and does not supercede any existing transfer schemes within particular service areas.

Further information, including an application form, is available in the Human Resources section of the staff intranet

Completed application forms must be returned for processing to National Personnel Records, NPRS.SWAP@hse.ie, or posted to NPRS, 20-23 Merchants Quay, Dublin 8. You are required to circulate this information throughout your service to ensure that the Swap Facility is brought to the attention of all employees.
