Re: Conversion of Long-Term Temporary Radiography posts to Permanent Status

I am directed by the Minister for Health and Children to refer to this Department's Circular 64/97 of 26 September 1997 and, in particular, to Paragraph 6 of that Circular's Appendix III, which referred to the conversion of Long-Term Temporary Radiography posts to Permanent Status.

The number of temporary posts to be filled on a permanent basis (w.e.f. 1 April 1997) in your employ as a result of this agreement is set out on the attached schedule

Agencies should now proceed with the conversion process in accordance with the agreed criteria i.e. a confined competition should be held in each of the relevant locations to fill the specified posts - only those who have had one year's continuous whole-time service in your employ at 1 April 1997 or who have worked a minimum of 4,000 hours in the six years prior to 1 April 1997 and continue to be available for work on a full-time or part-time basis are eligible to compete for the converted posts. You are reminded that the onus is on you to advise all of those who are eligible, including those who are on career break or other leave of absence or who are job-sharing, of the competition.

Any costs arising from this sanction must be met from within your existing allocation.

I trust this clarifies the matter for you.

Yours sincerely

Re: Long-Term Temporary Radiography Posts

I am directed by the Minister for Health and Children to refer to Paragraph 6 of Appendix III of this Department's Circular 64/97 of 26 September 1997 which referred to the conversion of certain Long-Term Temporary Radiography posts.

In order to assist this Department in this task, it would be much appreciated if you would arrange to have the following information forwarded to the undersigned before Friday 27 November 1998:

the number (in WTE) per grade of Radiography posts in your remit (specify exact location) which have been classified as Temporary for a period of two years or more on 1 April 1997.

Yours sincerely
