**Re:** HR Circular 043/2021 - Update on HSE Circular 40/2021 – DPER Quick Guide (Close Contacts and Restricted Movements)

---

Dear Colleagues

I refer to HSE HR Circular 40/2021 on the DPER FAQs guidance document dated 26 November 2021 [here](#). The DPER Quick Guide is at **Appendix D**.

As you will be aware the public health advice in relation to **close contacts and restricted movements** has been revised and the HSE website sets out the current information. As such the Quick Guide in the DPER FAQs guidance document does not reflect the most up-to-date information in relation to restricted movements.

Given the rapidly changing situation, please note that the most up-to-date public health guidance and COVID-19 information on the [HSE website](#) should be followed rather than relying solely on the Quick Guide in the FAQ guidance document. The information relating to restricted movements can be found at [this link](#).

Please note that the below extracts from section 7 of HSE Circular 40/2021 remain current:

### **UPDATED 7. Employees who are required to restrict their movements following close contact with a confirmed COVID-19 case**

7.1 The HSE sets out the latest criteria for restricted movements following close contact at these links:-

<https://www2.hse.ie/conditions/covid19/restricted-movements/restricted-movements/>

<https://www2.hse.ie/conditions/covid19/contact-tracing/close-contact/>

7.2 Managers should also refer to the guidelines:

- ***Derogation for the Return to Work of Healthcare Workers (HCW) at this link.***

***National Guidelines for Public Health management of contacts of cases of COVID-19 at this link.***

7.3 SLWP for COVID-19 does not apply to employees who are required to restrict their movement as they are not ill. *Where an employee is required to restrict their movements and cannot attend the work premises the employer must facilitate working from home.* If remote working in an employee's current role is not feasible, then the assignment of work may be outside of their usual core duties. Employees must cooperate with all such flexibilities while they are required to restrict their movement or self-isolate. In all such cases, employees remain available for work whilst at home, where they have been advised to restrict their movements as a precautionary measure.

7.4 This FAQ does not apply to employees who are required to quarantine in line with Government advice arising from travel abroad (see section 16).

It is intended that the DPER FAQ guidance document will be reviewed in full and updated in January 2022.

Please ensure that this Circular is brought to the attention of managers within your area of responsibility and that updated information is disseminated to all employees (including those who are absent from work on any type of leave).
