Such structured and scheduled commitment and responsibility and accountability for same will be agreed in advance by the Employer with the relevant Training Body or University, will be consistent with the agreed training principles for postgraduate medical education and training⁵ and shall be incorporated into rosters.

9. Leave and Holidays

- a) All requests for leave must be recommended by the supervising Consultant / Clinical Director and approved by the Employer prior to actual leave dates. Leave will be approved in line with agreed rota and service requirements, and notice is required in accordance with the Employer's policies.

- b) Unplanned absence

The Employer is responsible for addressing any staffing requirement (if any) that arises from unplanned absence by the NCHD.

- c) Annual leave

Annual leave is granted in accordance with the provisions of the Organisation of Working Time Act 1997. NCHDs are entitled to 16 calendar days leave per 6 month period. Calendar days are inclusive of weekends, hence if a doctor takes a full weeks annual leave, it equates to 7 calendar days. Payment of notional hours while on annual leave will be paid on the basis of average approved rostered hours over a reference period of 13 weeks. In the case of NCHDs on 3 month rotations as part of Intern or specialist training, the NCHD should take at least 7 calendar days leave in each location. Employers should ensure that all leave is managed appropriately.

The total hourly leave of an NCHD in a six month period is 93.6 hours. A single day's leave is calculated as being 7.8 hours, with a full weeks leave equating to 39 hours. The doctors leave for a 6 month period must not exceed the hourly total for the period.

An NCHD cannot be considered to have taken more than 39 hours leave in any one week.

- d) Public holidays

Public holidays shall be granted in accordance with the Organisation of Working Time Act 1997. In respect of each public holiday the NCHD will receive one of the following (as the Employer may decide):

- An NCHD who normally works Monday – Friday and who has their public holidays off, is not entitled to an additional day off in lieu of the public holiday.
- An NCHD who is rostered for duty on the day on which a public holiday falls is entitled to single time extra remuneration in respect of hours worked on this day.
- NCHDs who work a '5 over 7' roster are entitled to a total of 9 working days (7.8 hours per day) in lieu of the liability to be rostered on a public holiday. In terms of the practical implementation of this entitlement, 4 days fall due in respect of the period from the second Monday in January to the second Monday in July and 5 days apply in respect of the period from the second Monday in July to the second Monday in January.

⁴ As of January 2010 these include paid non-clinical training days for Senior Registrars and Specialist Registrars – each of whom are entitled to the equivalent of one day per week with full pay for individual and specific research projects. It also applies to a range of trainees in Psychiatry and General Practice.

⁵ 'Training Principles to be incorporated into new working arrangements for doctors in training', published by the Medical Education and Training Group, July 2004.

e) Implementation of Section 9 c) and 9 d) above

This section sets out how Sections 9 c) and 9 d) above are to be implemented:

i) Category A) NCHDs who are required to undertake on-call on site or off-site in addition to their 39 hour week will receive:

(1) From January to July:

- (a) 12 working days annual leave of 7.8 hours each; and
- (b) 4 working days of 7.8 hours each in lieu of public holidays;
for a total leave allowance of 16 working days or 124.8 hours leave.

(2) From July to January:

- (a) 12 working days annual leave of 7.8 hours each; and
- (b) 5 working days of 7.8 hours each in lieu of public holidays;
for a total leave allowance of 17 working days or 132.6 hours leave

This means that NCHDs who are required to undertake on-call are granted their public holiday entitlements in advance. Taking that into account:

- All annual leave/public holiday entitlement is to be calculated on the basis of working days / working hours and not calendar days. Saturdays and Sundays are not to be included in the calculation of leave e.g. if an NCHD takes a Friday off, this is counted as 1 working days leave and not 3 calendar days as has been the practice to date;
- NCHDS who have been granted their public holiday in advance, are rostered off on a public holiday and who are not rostered on-site or required to provide on-call on that day, will not be recorded or credited as having worked on that public holiday.
- NCHDs who work any hours on the public holiday, (including on site and off site) will be paid the relevant rate applicable for the hours worked (e.g. the period of a public holiday is defined as any hours worked between midnight on the eve of a public holiday and midnight on the public holiday) and do not need to take a days annual leave or an unpaid days leave for the day;
- NCHDs who are not rostered for a public holiday may opt to either use one of their 16/17 days leave in order to receive a paid day off on the public holiday or they may opt to take an unpaid days leave;
- NCHDs who have been granted their public holiday entitlement in advance will be recorded as having taken 5 days or 39 hours annual leave if they are on annual leave for a week incorporating a public holiday unless they have opted to take an unpaid day's leave for the public holiday.

ii) Category B) NCHDs who work their 39 hours on a Monday to Friday basis and do not participate in on-call will receive:

(1) January to July:

- (a) 12 working days annual leave of 7.8 hours each; and
- (b) Each of the 4 public holidays occurring in this period as a paid day off on the day of the holiday;
for a total of 16 working days or 124.8 hours leave

(2) July to January:

- (a) 12 working days annual leave of 7.8 hours each; and
- (b) Each of the 5 public holidays occurring in this period as a paid day off on the day of the holiday;
for a total of 17 working days or 132.6 hours leave

Taking that into account:

- If an NCHD who is not required to undertake on-call is on annual leave for the week incorporating a public holiday, 4 days (31.2 hours) annual leave is recorded;

- If an NCHD who does not normally undertake on-call is rostered on-site or on-call on a public holiday, (s)he will receive a day off in lieu at another time. If this occurs on a regular and rostered basis the NCHD can seek to be moved to Category A and receive their public holiday entitlement up front. This request will be examined by the Hospital in the first instance and if no agreement is reached within 2 weeks of the request, the issue may be referred by either party to the IMO/HSE Working Group.

iii) Category C) General Practice Registrars

General Practice Registrars working in the community will be entitled to 3 weeks annual leave per 6 month period (15 working days per 6 months).

f) Sick Leave

The NCHD shall comply with the Employer's sick leave policy. The following points should be noted:

- i) On the first day of illness, the NCHD should arrange to advise his/her supervising Consultant / Clinical Director and Medical Administration/Hospital Administration at the earliest possible time (where possible not later than 1 hour before starting time) of the absence from work. In the case of night duty, where possible notice should be given not later than 3.00 p.m. on the day in question. The supervisors should be advised of the reason(s) and the expected duration of the absence.
- ii) If the absence exceeds two continuous days, a medical certificate must be submitted to the Employer on the third day. This certificate should specify the nature of the illness, the likely duration (but not exceeding one week) and should be signed by the NCHD's General Practitioner or attending Consultant.
- iii) The NCHD must give an indication of when he/she will be able to return to work as early as possible.
- iv) The NCHD may be granted payment under the Sick Pay Scheme for absences due to illness or injury. Granting of sick pay is subject to compliance with the Employer's sick leave policy.
- v) NCHDs are covered by the terms of the Public Service Management (Sick Leave) Regulations 2014 (S.I. No. 124 of 2014) (ref Department of Health Circular 05/2014).
- vi) In accordance with Section 5 of Department of Health Circular 05/2014 (which covers employees on fixed term and specified purpose contracts), the entitlement to sick leave for NCHDs will accrue on the basis of 35 days full pay and 35 days half pay per year of service, and proportionately less for an incomplete year, up to a maximum of 92 days full pay and 91 days half pay in a four-year period.

g) Maternity Leave

- i) The Employer will give due regard to rostering of a pregnant NCHD who presents a medical certificate requiring a change in work pattern.
- ii) Pregnant NCHDs are entitled to the following benefits:
 - (1) 26 consecutive weeks maternity leave.
 - (2) Up to 16 weeks additional unpaid maternity leave.
 - (3) Time off work without loss of pay to attend ante natal and post natal appointments.
 - (4) Health and safety leave in certain circumstances.
 - (5) Where the death of the mother occurs within 18 weeks of the birth, the balance of her leave is transferred to the father of the child.
 - (6) Protection of your job during maternity leave, additional maternity leave, fathers leave, health and safety leave and time off for ante natal and post natal care.
 - (7) The right not to be dismissed for any pregnancy related reason from the beginning of pregnancy until the end of maternity leave.

- iii) While on maternity leave, an NCHD will receive her normal basic pay and Living Out Allowance, less any amount attributable to overtime, night work or shift work, unsocial hours payments, or on call fees. NCHDs are entitled to maternity pay from their existing employer for a full 26 week period, including in circumstances where the contract expires prior to the end of their maternity leave and irrespective of whether they remain in Ireland.
- iv) Paid maternity leave will count as service in all respects e.g. for the purpose of annual leave, incremental credit etc. Maternity leave will not be treated as part of any other leave (including sick leave or annual leave) to which you are entitled. Full details are available in employee handbook.

h) Paternity Leave

While on statutory paternity leave under the Paternity Leave and Benefit Act 2016, an NCHD will receive their normal basic pay and Living Out Allowance, less any amount attributable to overtime, night work or shift work, unsocial hours payments, or on call fees. NCHDs are entitled to paternity pay from their existing employer (less the full amount of Paternity Benefit payable) for the full 2 week period, including in circumstances where the contract expires prior to the end of their paternity leave and irrespective of whether they remain in Ireland.

i) Parental Leave

Arrangements for the taking of parental leave will be in accordance with the provisions of the Parental Leave Act, 1998 and 2006. The only exception is in relation to the requirement to have at least one year's continuous service with the current employer before an employee can avail of parental leave. For the purposes of determining eligibility to avail of parental leave only, NCHDs will be required to have 12 months' continuous aggregate service in the health system comprising service in a HSE Hospital, Mental Health Service or other HSE service; a Hospital / Agency funded by the HSE under Section 38 of the Health Act 2004; an agency funded by and under the aegis of the Department of Health; or will be required to have held an approved training post in a private hospital setting. For the purposes of this provision, cumulative service across several sites may be counted, and continuous service shall not be broken by a break in service of 6 weeks or less.

j) Adoptive Leave

Arrangements for the taking of adoptive leave will be in accordance with the provisions of the Adoptive Leave Act, 1995 to 2005. An NCHD is entitled to 24 consecutive weeks' (paid) adoptive leave and 16 consecutive weeks' additional (unpaid) adoptive leave subject to compliance with the notification requirements.

k) Educational Leave

i) The Employer may, taking account of the NCHD's medical education and training status, grant the NCHD up to a maximum of 18 working days (based on a 7.8 hour working day) per 6-month period to facilitate:

- (1) Attendance at courses, conferences, and educational events determined to be appropriate by the HSE, the recognised postgraduate training bodies and the Universities;
- (2) Study leave prior to an examination or repeat examination for higher degrees or diplomas determined to be appropriate by the HSE, the recognised postgraduate training bodies and the Universities;

l) Other types of leave

Details regarding paid and unpaid, Force Majeure, Trade Union, Compassionate and other leave can be obtained from the Employer. The particular arrangements applying to NCHDs in respect of Maternity leave are outlined in the Employer's Terms & Conditions of Employment documentation.

m) Other HR policies

All other generally applicable human resource policies, e.g., Flexible Working, Trust in Care, Dignity at Work, etc. shall apply to the NCHD.

10. Salary

- a) The salary scale for this post is _____. The starting point is €_____ (the current salary scale is attached as Appendix I). The NCHD's salary is paid *monthly/fortnightly* by Credit Transfer (*state frequency of payment*).
- b) A shift premium of T1/6 is payable to NCHDs working in Emergency Departments in respect of participation in a continuous rotating shift which requires delivery of the core 39 hours over a 24 hour, 7-day week cycle. Normal overtime arrangements apply after 39 hours.
- c) This salary is fully inclusive of payment for all duties which the NCHD may be required to perform within the average 39 hours worked each week apart from other fees payable by the Department of Social and Family Affairs and/or other State Agencies on the basis of custom and practice. The salary includes rostered lunch breaks.
- d) This salary will be revised in accordance with relevant provisions of the National Pay Agreements or other national agreements.
- e) Statutory deductions in relation to PAYE and PRSI will be made from the NCHD's remuneration.
- f) The NCHD shall not demand or accept payment from any person in respect of the personal provision of professional medical/dental services. The NCHD may engage in professional medical/dental practice exclusively for an Employer(s) and on behalf of the Mental Health Commission, the Coroner, other Irish statutory bodies⁶ and medical/dental education and training bodies recognised by the Medical Council of Ireland.

11. Unsocial hours / premium payments

NCHDs, in line with all other health service staff, are paid at single time extra for normal rostered hours during Sunday or a Public Holiday, i.e. for every hour that the NCHD works on a Sunday or Public Holiday (s)he will receive one extra hours pay.

Night duty, which is normally defined as hours worked between 8.00 p.m. and 8.00am, attracts a premium payment of time and a quarter. This may be extended from 5pm to 8am should the period of duty commence at 5pm and run through the night. This premium is only payable to employees rostered for duty through the night, i.e. work at least 3 hours between midnight and 7.00 a.m. It does not include

⁶ An indicative list of such bodies is available from the HSE Employers Agency, 63-64 Adelaide Road, Dublin 2, tel: 01 6626966, web: www.hseea.ie

24 hour call, or twilight shifts that extend into night duty hours (e.g. a roster from 4pm – midnight would not attract night duty premium) but do not run through the night.

12. Overtime payments

- a) Overtime refers to work on-call on-site as required by the Employer in excess of the average 39 hours worked in each week of the roster period.

Overtime is therefore paid when the doctor has worked in excess of 39 hours per week on average, over the averaging period of 4 weeks. This means that overtime is paid for those hours worked in excess of 156 hours over a 4 week period. If an NCHD is not rostered for a public holiday and opts not to use a day's annual leave but instead opts for an unpaid days leave, core pay for that week must not be deducted but overtime will not apply until after 39 hours have been worked in that week.

- b) All hours worked in excess of the averaged 39 hours each week are liable for payment at time and a quarter (other than in respect of Interns as described at Section 12 c) ii) below).
- c) Where the NCHD is rostered to work in excess of 39 hours in any week as part of a roster covering a number of weeks, payment may be calculated in such a manner as to provide for payment of:
- no more than 39 hours for each week worked during the roster period at the standard hourly rate;
 - all additional hours⁷ in excess of i) above at the rate of time and a half in respect of Interns and time and a quarter for Senior House Officers, Registrars, Specialist Registrars, Senior Registrars and other NCHD grades.

The payment arrangement above should apply in the case of all NCHDs providing services within the public health system, irrespective of where they are employed. Such public health system service will be treated as cumulative for premium payment purposes Arrangements covered by a separate, medical agency contract will not be affected.

- d) All overtime hours worked on a Sunday or public holiday are paid the rate of single time extra.
- e) Unrostered overtime approved by the relevant Consultant / Clinical Director will be paid to the NCHD. The Employer may query such unrostered overtime or approval of same. Should a query be made, the NCHD will be notified of same. Payment will be made subsequent to any queries regarding such unrostered overtime being resolved

13. On-call off-site

- a) On-call off-site is defined as a period when the NCHD, is scheduled for a designated period to be off-site but available for emergency work. The NCHD providing on-call off-site makes a specific commitment to be readily available to attend or be in attendance at the employment locations specified during the on-call period.
- b) The NCHD provides on-call off-site on a rostered basis.
- c) On-call off-site is paid as follows:
- For each period the NCHD is rostered on-call off-site, Monday to Sunday half of all hours up to a maximum of 10 hours are paid at the rate of time and 1/4 and the balance is paid at the rate of 1/2 time thereafter.

⁷ This includes hours worked in excess of 39 hours for each week worked during the roster period which in themselves exceed 48 hours in any one week.

- ii. In addition, NCHDs who are rostered for on-call off-site on a Sunday are paid - for the first 8 hours worked between the hours of midnight on Saturday and midnight on Sunday - at the rate of 0.75 time and at the rate of ½ time thereafter.
- d) Once called and required to attend on-site, NCHDs are paid the normal overtime rate set out a Section 12 above.
- e) The employer will pay the cost of landline telephone installation and rental to those NCHDs rostered off-site on-call.

14. Abolition of Living Out Allowance

With effect from 1st July 2017 the Living Out Allowance has been incorporated into the Intern, Senior House Officer and Registrar salary scales as set out at Appendix I. The Living Out Allowance itself is therefore abolished with effect from 1st July 2017 and should not be paid to any NCHD.

15. Training Supports
